About COOLBO

It is a national high-tech enterprise and the car refrigerator project was launched in 2008

COOLBO is a brand under Zhejiang Yunge Electric Co., Ltd., which focuses on making compressor on-board refrigeration equipment. The company always adheres to the brand concept of "bring freshness to life ", and is committed to providing customers with high-end mobile fresh-keeping experience.

In 2008, the COOLBO car refrigerator project was launched. After the Shanghai Shengyu Group invested heavily and integrated resources, Zhejiang Yunge Electric Co., Ltd. was established. With the excellent product design and development team, so far, our company has obtained nearly 50 core patents. Due to strong independent research and development capabilities, Zhejiang Yunge Electric Co., Ltd., a subsidiary of COOLBO, was rated as a high-tech enterprise in Hangzhou in 2017. And subsequently completed a number of professional factory certifications such as ts16949, bsci, and so on.

The product with beautiful appearance and exquisite interior sells well in many countries and regions such as the United States, Europe, Australia, South Korea, Japan, and the Middle East. It is widely used in different vehicles such as cars, SUVs, MVPs, RVs, trucks, and yachts. It is also applied in many aspects, including outdoors, off-road, business, fishing, self-driving tours, cold chain transportation and drug transportation.
